

# 2021 DEKALB® Prosper® EverGol® Assurance Program

Prosper® EverGol® and BUTEO™ start seed treatments protect your hybrid canola against the most damaging diseases and insects including flea beetles, seed rot, seedling blight and damping off.

## Prosper EverGol and DEKALB Helix® Vibrance® Seed Treatments

If you observe flea beetle feeding damage of  $\geq 25\%$  on your hybrid canola treated with Prosper EverGol seed treatment or Helix® Vibrance® from Syngenta seed treatment at or prior to the four-leaf stage,

please contact the Prosper EverGol Assurance number @ 1-844-250-9362 to determine if you qualify for up to a 50% rebate\* on Decis® insecticide.

## Prosper EverGol + BUTEO start Seed Treatments

If you observe flea beetle feeding damage of  $\geq 25\%$  on your hybrid canola treated with Prosper EverGol and BUTEO start seed treatments at or prior to the four-leaf stage, please contact the Prosper EverGol Assurance number @ 1-844-250-9362 to determine if you qualify for up to a 100% rebate\* on Decis insecticide.

## DEKALB Helix® Vibrance® plus Fortenza® Advanced Seed Treatments

If you observe flea beetle feeding damage of  $\geq 25\%$  on your hybrid canola treated with Helix® Vibrance® plus Fortenza® Advanced seed treatments from Syngenta at or prior to the four-leaf stage, please contact the Prosper EverGol Assurance number @ 1-844-250-9362 to determine if you qualify for up to 100% rebate\* on Decis insecticide.

## Cutworm: Advanced Seed Treatments – Fortenza® Advanced with Base Treatment of Prosper EverGol or Helix® Vibrance® or the combination of Prosper EverGol, BUTEO start + Fortenza®

As in prior years, should a DEKALB® canola customer need to utilize a cutworm assurance program, DEKALB customers will be asked to call **Syngenta's support 1-87-SYNGENTA (1-877-964-3682)** regardless of whether the base treatment was Prosper EverGol or Helix® Vibrance®. Grower claims will be qualified based on good agronomic practices as outlined in the Syngenta Canola Seedcare™ Performance Package.

# 2021 DEKALB® Prosper® EverGol® Assurance Program

## 2021 Prosper EverGol Assurance Program Grower Agreement

### Program Products

- For the 2021 growing season, the Grower shall have purchased and planted certified hybrid canola seed treated with Bayer CropScience Inc. (“**Bayer**”) Prosper® EverGol® seed treatment, Prosper EverGol + BUTEO™ start seed treatment, or Prosper EverGol and Syngenta Canada Inc. (“**Syngenta**”) Fortenza® Advanced seed treatment, or DEKALB® hybrid canola seed treated with Syngenta Helix® Vibrance® seed treatment or with Syngenta Helix® Vibrance® and Fortenza® Advanced seed treatments (collectively “**Treated Seed**”) on all of the acres for which a claim under the 2021 DEKALB Prosper EverGol Assurance Program (“Program”) is being made (the “**Qualifying Acres**”).

### Program Requirements

- The Grower certifies that the Grower meets the following Program requirements (the “**Program Requirements**”):
  - The Grower has signed up for this Program on or before June 30, 2021;
  - Purchases of Treated Seed were made by the Grower from between October 1, 2020 and June 30, 2021;
  - The Grower has satisfied all grower licensing requirements of all applicable seed companies in relation to the purchase and use of Treated Seed;
  - The Qualifying Acres were not planted to canola in the prior growing season;
  - The Grower followed the Canola Council of Canada recommended practices for optimal canola stand establishment on the Qualifying Acres;
  - The Grower observed flea beetle feeding damage on the Qualifying Acres at or prior to the four-leaf stage of development at levels at or in excess of 25% on the canola plants;
  - The Grower is making a claim under this Program only for canola on the Qualifying Acres that have not exceeded the four leaf stage of development;
  - The Qualifying Acres exceed 40 acres;
- The Grower shall spray a Bayer Decis® insecticide application (“**Decis**”) on the Qualifying Acres in 2021 according to the requirements on the Decis label and agrees that for payment calculation Decis rate is 40 acres/2.4 L jug or 40 acres/1.2 L jug for flea beetles and planted canola seed shall be deemed to be 10 acres/per 22.7 kg bag or bag equivalent;
- The Grower agrees to all other terms and conditions of the Program.
