

RATE OF NON-IONIC SURFACTANTS FOR USE WITH PROSARO PRO

Prosaro® PRO is recommended to be used with a registered NIS, such as Agral® 90 or Ag Surf®, at 0.125% vol/vol. Prosaro PRO should be thoroughly mixed prior to the addition of a NIS. Add the NIS into the tank last after Prosaro PRO and water have been mixed into solution.

VOLUME (L) OF NIS REQUIRED = LITRES OF SPRAY VOLUME × 0.00125

L OF NIS REQUIRED	LITRES	IMP GALLONS	US GALLONS
1.3	1000	220	264
1.9	1500	330	397
2.5	2000	440	529
